Gift Aid

If you are a UK taxpayer, any donation made to charity for which tax has been paid comes under the Gift Aid scheme.

When making a donation, any individual who pays tax in the UK will have the option to include Gift Aid. Checking the Gift Aid box when making a donation through our event website will enable the Mission to Seafarers to claim the tax back on the donation, which means we can do more with the money you raise.

It will not cost the person making the donation any extra.

For more information, please follow the link below to the UK Government website, and share with those in your network for whom this could be relevant:
